Floria Collective

Floria Collective is a slow luxury fashion label. Our collections are seasonless and always in style. We create high quality designs for modern and conscious women, who want to make a difference and look good while doing so.

Our name means: 'to flourish' and that is what we want everyone to do through our garments; from maker to wearer. Therefore every garment is designed and made with respect for the planet and in collaboration with traditional artisans and family owned businesses. We work exclusively with recycled, organic and biodegradable materials and give full transparency into our supply chain.

Welcome to Floria Collective.

Quin blouse purple wine

Noa skirt purple wine

Kenna sweater warm white

Kenna sweater burgundy

Ana dress copper brown

Janne blazer & Bièl pants

The tailored Janne blazer with shoulder pads and high-waisted Bièl pants are a perfect match. They are sold separately, allowing you to offer the right sizes to enhance every figure flawlessly. Available in a palette of three colors: Chocolate Brown, Olive Green, and Golden Sand. Crafted from organic and recycled cotton. Our pristine white set is intricately woven with a glimmering thread of golden Zari.

All Natural

We exclusively use natural and recycled materials in our collections. Even the buttons are made from corozo, sourced from a nut. A family-run business in Portugal with over 30 years of experience handles the production of these items, ensuring a high-quality with every stitch.

June jacket & Bièl shorts

The cropped June jacket and high-waisted Bièl shorts make a perfect match. These garments come in three colors: Cappuccino Brown, Sage Green, and Beige. The first two are crafted from organic and recycled cotton, while the beige is sourced from light deadstock linen.

Plant based dyeing & Handweaving

The yarns undergo a natural dyeing process by two sisters in India using elements like bark and red onions all done by hand. Imbued with craftsmanship, the fabric of this jacket and shorts is subsequently handwoven, ensuring an artistry and authentic look combined with a modern cut.

Ana dress & Kenna sweater

The Ana dress is a soft bodycon knit dress made from 100% organic mercerized cotton, giving it a rich silky shine. This sleeveless dress with slightly raised shoulders and a split on the side, comes in the color copper brown. The Ana dress is knitted by a small second-generation family business in Italy.

RWS certified

Our Kenna sweater is made from 100% merino wool, the finest and softest wool of any sheep, and certified by Responsible Wool Standard. This cropped model compliments our high waist pants and dreamy silk skirts perfectly. Available in Warm White and Burgundy.

Quin blouse & Noa skirt

Delicate, breathable and true elegance, this blouse and skirt are made from 100% silk. Loved to be worn together and when days get short and colder, combines perfect with our soft merino Kenna sweater.

Print made with flowers

The blouse and skirt are available in two eye-catching colors: Petal Yellow and Purple Wine. The garments are naturally dyed by two sisters in India using flowers from their garden and temple left overs.
